Revised: 02/27/08

PETITION REQUESTING INSTALLATION OF SPEED HUMPS

We the undersigned residents of _____ from
Street

_____ to _____ do hereby
Street Street

request the City of Pomona to install speed humps on our street. Speed hump installation will be considered when a clear majority (65% or more) of the abutting property owners support the installation of speed humps on the street. We agree that speed humps locations will be determined by City staff, which may be located at the frontage of our property. We agree that if in the future we desire to remove the speed humps, the speed humps will only be considered for removal after receipt of a petition from a clear majority (65% or more) asking for the removal, along with sufficient funds for their removal. The City may remove any or all of the speed humps at any time for safety reasons at no cost to the abutting property owners.

The following Criteria are used for speed hump installation:

1. Street width must be 40 feet or less AND
2. Maximum speed limit of 25 MPH

If the street proposed for speed humps does not meet these criteria, the City will not install speed humps.

The signed petition should be sent to:

City Traffic Engineer
City of Pomona, City Hall
Public Works Department
505 S. Garey Avenue
Pomona, CA 91766

If you have any questions, please call (909) 620-2261.
